

A few notes:

1. *WGST 790 is required for the Certificate and is typically offered once per year (in the Spring). I anticipate high demand for the course in Spring 2024 and it may fill quickly. If you would like to take the course but it is full, please reach out to me (avigil@email.unc.ued) as I may be able to increase the enrollment cap.*
2. *I have bolded the courses that I'd like to draw you attention to and that will be most appropriate, but the others can count as well.*
3. *For courses that are 500-level or below, please contact the instructor to make sure they are ok with a graduate student enrolling.*
